DETAILED ACTION

Claims 1-6 and 12 are pending.

Claim 6 was non-elected .

Claim 1-5 and 12 are under examination.

Claim 6 was inadvertently included in the rejection. Claim 6 is drawn to a process of making enantiomers and not to a +- form.

The rejection of the claims 1-5, 12 under 35 USC 112 still stands..

The claims recites " derivative" . The scope of this is not clear. There is no definition or specific written description of what this derivative is.

A generic formula is given. If applicants intend to claim these the formula and the steps should be incorporated in the claims.

Applicants have deleted the step steps in the claims, however they have not inserted the specific steps into the claims.

Without the steps the scope of the compounds changes. and would not have been examined.

Conclusion

Claims 1-5,12 are rejected. claim 6 is Non-elected as it is a process of making he separate enantiomers.
